Specific dates may be found in the Catalog Addendum and will be published at least 30 days in advance.

The holidays stated above are not calculated as scheduled hours in the contract. Contract end dates will be re-calculated and adjusted, within fourteen (14) days, for any additional closings. PROGRAM OUTLINES

All programs offered by DuVall's School of Cosmetology follow similar procedures in that the same instructional methods apply, and the same grading procedures are followed for each program. All instruction and printed materials are presented in English. Those policies are stated here and considered to be an integral part of each of the program outlines contained in this section of the catalog. Each program will be divided into three levels of training as follows:

	Discovery	Skills	Creative
Cosmetology	0-350 Hrs	351-750 Hrs	751-1000 Hrs
Esthetics	0-105 Hrs	106-450 Hrs	451-750 Hrs

Discovery: In the introductory level of training, Students will focus on learning the underlying theory and the basic skills for providing client services. In addition, Students will identify short-term and long-term career goals and begin development of an action plan for achievement of those goals. The education is provided through interactive lecture, demonstration, technology, and hands-on practice. Discovery students will be advanced to Skills if they are meeting the following criteria:

- Student has passed all required test
- Student has completed all applications

Students not meeting requirements at the scheduled time may be allowed to test and progress to Skills with a remedial assignment plan. The academic staff will evaluate the student's knowledge and skill level and prescribe an individualized academic plan for the student. Students will attend Skills theory but while on the clinic floor they will work on their individualized academic plan which may include book learning, manikin applications, and client applications (if the student has accomplished at least 10% of their program hours), etc.

Skills: During this vital level of training, Students will develop and customize their skills to meet the needs of clients. They will perform skills in the client service center and become increasingly self-confident and proficient in their communication, consultation, and technical skills. The education is provided through interactive lecture, demonstration, technology, guest speakers, and hands-on practice. Skills students will be advanced to Creative if they are meeting the following criteria.

During this Level, Students will learn systems that top professionals are using to attract clients, increase sales, and grow their personal income. Successful completion of Creative will prepare them for immediate success and will dramatically improve their opportunities for employment upon graduation. Students will also focus on state board preparation, professional development, and career placement. The education is provided through interactive lecture, demonstration, technology, guest speakers, hands-on practice, and competency skills evaluation.

Alumni: Graduates begin an important relationship with the school as Alumni by providing documentation of licensure and employment in their chosen field.

GRADING PROCEDURES:

Students are assigned theory study and a minimum number of practical experiences.

- Practical assignments are evaluated as completed and counted toward program completion ONLY when rated as satisfactory. If the performance does not meet satisfactory requirements, it is not counted, and

the performance must be repeated. Three comprehensive practical skills evaluations using detailed criteria will be conducted during the program of study and rated on a 100% scale (see Test Outs below) Practical skills are evaluated according to text procedures, performance standards established by the state licensing agency, and set forth in practical skills evaluation criteria adopted by the school.

- Theory is evaluated after each unit of study (chapter tests). Students must make up failed or missed tests and incomplete assignments. Students must maintain a 75% theory grade average. Students who do not obtain a satisfactory score are required to re-take the test on another version of the test for that subject to obtain a satisfactory or better score. Students who miss a test due to absence receive a 0% grade. All students are encouraged to make up a failed or missed test within two weeks, but the school acknowledges that the student does have until course completion to ensure that all requirements are met.
- Students will complete three major tests outs simulating the state board test for licensure. It is the student's responsibility to pack the test out kit, obtain a model, and be present at the scheduled time. The student will be notified a minimum of one week in advance of the scheduled test out date. If a student is absent or chooses not to test out on the date scheduled, they will receive a 0% on both Practical and Written sections and may not be on campus or clock hours that day. If the student is not present for the test out, or fails the test, they will be placed on a waiting list for the next available test opportunity. If a student misses two test out opportunities on a level, or if the school must arrange an unscheduled Practical test opportunity to accommodate a candidate for graduation who failed or missed a Practical test out, the student will be charged a \$30 test out fee, payable prior to testing.

Numerical grades are considered according to the following scale:

WRITTEN and PRACTICAL TEST

A	93 -100	EXCELLENT
B	85 - 92	VERY GOOD
C	75 - 84	SATISFACTORY
D	0 - 74	NEEDS IMPROVEMENT; DOES NOT MEET STANDARDS

INSTRUCTIONAL METHODS:

The clock hour education is provided through a sequential set of learning steps that address specific tasks necessary for state board preparation, graduation, and entry-level job skills. Clinic equipment, implements, and products are comparable to those used in the industry. The program is presented through comprehensive lesson plans that reflect effective educational methods. Subjects are presented by means of lecture, demonstration, and interactive Student participation. Audiovisual aids, guest speakers, projects, activities, and other related learning methods are used for program delivery.

UNITS OF INSTRUCTION AND HOURS:

The contents of the units of instruction in each program along with the applicable hours devoted to each unit are listed in the following section of this Program Outline. Health, sanitation, infection control, chemistry, electricity, anatomy and physiology, the use and safety of products, and the use and safety of tools and equipment are included in both theory and practical study within the applicable units of study. In addition, Students learn career and employment information including professional ethics, effective communications and human relations, compensation packages and payroll deductions, and the fundamentals of business management applicable to the program.

REFERENCES:

A comprehensive library of references, periodicals, books, texts, websites, and audio/video tapes are available to support the program of study and supplement the Students' training.

Practical experiences may be completed on manikins, models, or clients. The requirements listed by category are the minimum number of experiences that each student must successfully complete prior to graduation. More practical experiences may be scheduled by the instructor based on training needs and clientele volume.

All assignments must be completed by each Student as agreed upon in the Enrollment Agreement. Practical assignments are evaluated as completed and counted toward program completion ONLY when rated as satisfactory or better. The instructor will initial block(s) on the Practical Grade Record form for each project completed in the applicable category. KITS AND BOOKS

Students are responsible to purchase a DuVall's School of Cosmetology Kit, or comparable items for their specified program. Kits are issued in Discovery and are required for use throughout the program of study. All Cosmetology and Esthetics kits are recommended to remain at the school during the course of study as it is a requirement for meeting program completion, as well as being prepared at all times to provide outstanding customer service to our clients. A Student is required to be prepared each day with their complete student kit. Refusal of a client due to not being prepared or missing kit items will result in being sent home for the day. Students are issued lockers with the capacity to use a combination lock, and trolleys are lockable. Students are

responsible to keep the kit and trolley items locked at all times, on a day to day basis, whether clocked in or out, and during absences for any reason, including Leave of Absences or suspensions. The school is not responsible for missing, lost, or stolen personal, kit or trolley items. Students are responsible for their kit and trolley items, and at any time if an item is missing a student has the following options:

- Purchase a new or used item from the school if the school has one in stock. The item must be paid for at the time of purchase, no charges or postponement of payment is acceptable.
- Clock out. The student must obtain a replacement kit item (same brand or model) as the missing item and obtain instructor approval before clocking in (same day or following days).

LEAVE OF ABSENCE POLICY

A Leave of Absence (LOA) is a temporary interruption in a student's program of study. An LOA refers to the specific time period during an ongoing program when a student is not in academic attendance. Students must request a Leave of Absence in writing stating the reason for the leave, provide verifiable documentation, and submit all documents to the Campus Director for approval. An approved LOA extends the student's contract end date and maximum time frame calculated for Satisfactory Academic Progress by the same number of calendar days. No fees are associated with an LOA. Reasons for an LOA are limited. Any other need for absences is expected to be covered by the 15% make up hours allowed for "normal absences" referred to on the enrollment agreement. Students are cautioned to use this time wisely and save it for emergencies that may arise.

A Leave of Absence may be requested and will only be granted for the following criteria:

- Medical issues and circumstances meeting criteria covered under the FMLA (Family & Medical Leave Act of 1993, etc.)
- Financial Stress resulting in the inability to meet tuition or over-contract responsibilities
- Required extended Court Appearances or Jury Duty
- Institutionalization of the student
- Military Deployment
- Bereavement for the following relationships only: Spouse, Parent, Step-parent, Child, Step-child
- A catastrophic event affecting a widespread community (example COVID-19, tornado, or other natural disasters)

Complete and specific verifiable documentation supporting the reason and the time frame requested must be submitted with the request form. In order for a Leave of Absence to be approved there must be a reasonable expectation that the student will return. The Campus Director or designee will approve Leave of Absences for the above reasons within a reasonable time frame.

The school may grant an LOA to a student who did not provide the request prior to the LOA due to unforeseen circumstances if the request is made and required documentation provided within 14 calendar days of the first day of absence. The school will document the request and will collect the request form from the student at a later date. The beginning date of the approved LOA would be the first date the student was unable to attend class because of the unforeseen circumstance.

The student may request an adjustment of the scheduled return date in writing to the Campus Director. Verifiable documentation may be required. If approved, the Campus Director will adjust the scheduled return date by the number of days of the extension or early return requested. The maximum number of days for the combined LOAs may not exceed 180 days in any one twelve (12) month period.

If the student is a Title IV recipient, the student will be informed of the affects that failure to return from a Leave of Absence. This includes the reduction or expiration of the student's repayment grace period on any student loans.

Upon the student's return the student must see the Campus Director or designee to complete a contract addendum extending the contract end date by the same number of calendar days in the LOA. A student who has been granted an LOA will be considered withdrawn if he/she does not return to class on the scheduled return date.

GRADUATION REQUIREMENTS

Students must meet the following requirements in their program of study to qualify for graduation and be issued a certified Final Transcript of Hours and Diploma:

- (1) Successfully completing all levels of study, required tests and practical assignments
- (2) Passing required final written and practical examinations
- (3) Completing the program of study according to regulatory requirements
- (4) Complete all exit paperwork and attended an exit interview
- (5) Complete all required theory hours scheduled for the duration of the program of study regardless of whether all required tests have been taken and passed
- (6) Satisfactorily fulfill all financial obligations owed to the school.

Five business days after completion of the program of study and all graduation requirements, a DuVall's School of Cosmetology diploma for the applicable program of study will be awarded. After all graduation requirements have been met and the scheduled program has ended, the school will provide a graduate from the school a time to assist the student in scheduling the licensing exams, during which the school will provide payment for the fee for the first written and practical state licensing exam fees. Upon obtaining a valid license, the graduate may engage in his or her chosen field for compensation.

TRANSCRIPTS

Official and Unofficial transcripts are available from the office of the School Director. Transcripts will be issued within 30 days of the receipt of request and may be obtained from the administrative office at a charge of \$10 per transcript. Transcripts will only be released to the student or to other entities when the student has given specific written authorization. Transcripts may not be released until the student has completed all required exit paperwork, attended an exit interview, and made satisfactory arrangement for payment of all debts owed to the school as approved by the Director.

LICENSURE REQUIREMENTS

Any person is eligible to receive a license as a Cosmetologist or an Esthetician, who submits proof that he/she is at least 17 years of age; has obtained a high school diploma or its equivalent; has completed the required clock hours in an approved school for the applicable program; has paid the required fees; and has passed the examination conducted by the Texas Department of License and Regulations/PSI to determine his fitness to receive a license.

Cosmetologists and Estheticians in the State of Texas must obtain 4 hours of continuing education bi-annually for license renewal.

Avenues in these areas of specialization could also include journalism, advertising, marketing, or research and development with the right continuing education and opportunities. TRAINING is the important first step to an enjoyable, successful career in one of the above areas. If you like to work with people, and have the aptitude for the field, a cosmetology education may be a pathway to a secure income and a solid future

CAREER CONSIDERATIONS

The school feels that students interested in pursuing a career in cosmetology, esthetics or a related field should consider all aspects of such a decision. Persons who want to become professionals in this field must:

- Have finger dexterity and a sense of form and artistry
- Enjoy dealing with the public and be able to follow a client's direction
- Keep abreast of the latest fashions and beauty techniques
- Work long hours while building a personal clientele in order to earn the desired income
- Make a strong commitment to the educational process and complete the program of study
- Learn the skills necessary to operate a personal business

In addition, applicants and students should be aware that:

- The work can be arduous and physically demanding because of long hours standing with hands at shoulder level or sitting over a nail technician's station or esthetician's chair.
- A personal investment may be required for advertising and promotions such as printing of business cards.
- There will be exposure to various chemicals and fumes that may cause allergic reactions or could be harmful if used incorrectly.
- The practice of safety and sanitation is essential for effective and successful performance within the industry.
- Methods of compensation vary and may include straight salary, salary plus commission, straight commission, sliding scale commission, retail commission or independent contracting (renting space and equipment from an existing salon).
- Persons with criminal records may not be eligible for licensure by the state. Individuals should request a TDLR review of their criminal background **before** applying for enrollment at DuVall's School of Cosmetology. TDLR may not consider for licensure as a Cosmetologist an applicant who has a conviction for crimes involving prohibited sexual conduct or involving children as victims, and crimes against the person such as homicide, kidnapping and assault.

EMPLOYMENT ASSISTANCE

While DuVall's School of Cosmetology cannot guarantee employment for graduates, assistance in finding employment in the student's field of study is provided by posting area job openings and networking recommendations. Students also receive training regarding professionalism, portfolio and resume development, the application process, effective interview skills, and job search skills. The school encourages qualified students to obtain salon sponsors to mentor them throughout their program. This is an excellent opportunity for the student to obtain professional salon exposure, secure future employment and make the transition from school to work with ease.

WITHDRAWAL REQUIREMENTS

Students who withdraw from enrollment prior to program completion should:

- Complete all required exit paperwork and attend an exit interview;
- Satisfy all debts owed to the school or make satisfactory arrangements for debts owed to the school as approved by the Financial Aid Officer or Director.
- Complete a locker check.

Completed hours will be forwarded to the state board within ten (10) days. Only those hours that have been fully paid for will be marked as paid with the state. Withdrawal requirements noted above must be met, before an official or unofficial transcript will be released to the student or other institutions. If all withdrawal requirements are met, a certified Final Transcript of Hours will be available to the student for a fee of \$10.00.

Students who withdraw from enrollment will have 45 days from the student's date of withdrawal to obtain any books, kit items, or personal belongings left at the school. Any items remaining after 45 days will be considered abandoned and will be disposed of.

TRANSFER POLICY

Students wishing to transfer to DuVall's School of Cosmetology will be required to clock a minimum of 300 hours in the Cosmetology program or 400 in the Esthetics program. The school will evaluate the Student's skills to determine the number or hours that will be accepted and at what level he/she will be required to enter. The school may give credit for all or part of the applicant's previous training provided the hours are recognized as paid by the Texas

Department of Licensing and Regulation. Transfer Students must comply with the class level they are assigned as a result of the skills evaluation.

In addition, such Students must meet all regular entrance and registration requirements. If approved for enrollment, or approved on probationary terms, tuition will be calculated using the current per hour cost plus the applicable application and permit fees.

All transfer and re-entry Students must be properly registered with the state regulatory agency. Student Applicants should submit available transcripts from all previous Cosmetology schools that show subjects completed, cumulative attendance average, grade point average and practical applications completed prior to evaluation for credit for previous training. The Director of Education or designee will review previous hours and any transcripts submitted and conduct a practical evaluation to form a recommendation regarding acceptance of transfer hours. The Director of Education or designee and School Director will determine the amount of transfer hours the school will accept. Credit for previous training must be requested before a student enrolls. The Student will not be granted credit for previous training after classes have begun.

Any current student who requests to transfer from one program to another, may do so by making a request to the School Director or Asst. Director. The student will be advised regarding the number of hours that are allowed to be transferred, financial repercussions, and timing of the transition. If approved, the withdrawal calculation from the current program will be adjusted to charge for the scheduled hours only through the end of the day of the last day of attendance in that program. The student will be required to complete all admissions and financial paperwork required for the new program, pay the Application and Permit Fees for the new program, if applicable, and make satisfactory arrangements for any balance due from the previous program. The school will request TDLR to transfer the number of applicable hours to the student's new program.

RE-ENTRY POLICY

Former Students of DuVall's School of Cosmetology who have withdrawn and wish to re-enter, must request approval from the School Director. The request will be reviewed and a decision made within 21 days of the request. A student may be accepted for re-entry on probation with specified criteria required. All re-entering students will be charged an Application Fee of \$50. Any replacement kit items and/or books will be charged at the individual purchase price reflected in the catalog. Students who have withdrawn or have been terminated twice within the first 50% of the program may not be considered for re-enrollment. If student has withdrawn or has been terminated after completing 50% of the course, the student will be allowed to re-enter any time during the forty-eight (48) month period following the date of withdrawal or termination. However, students who have been terminated may be required to wait 30 days. Any Re-entering Student may be accepted for Re-entry on probationary terms.

- Students re-entering within 180 days of their Last Day of Attendance will re-enter in the same SAP status they earned at the time of his/her withdrawal and shall retain the same contract they previously signed. An addendum to the prior Enrollment Agreement will be completed, adjusting the Contract End Date to include the appropriate number of scheduled hours remaining, and any other applicable changes.
- Students re-entering after 180 days of their Last Day of Attendance will enter as a new student with transfer hours with new SAP evaluations based on the actual hours contracted with the school. This student will enter into a new Enrollment Agreement subject to all changes that have been made since their prior enrollment. The Contract Period will be calculated by adding 15% of make up hours to the total hours the student needs to complete the program. Tuition will be calculated for the remaining hours at the current per hour rate. The school will evaluate prior period charges and may, on a case by case basis, authorize a portion of the charge to be written off upon graduation to reflect a fair and equitable overall program charge. However, satisfactory arrangement must be made for any previous charges that remain on the account.

REFUND POLICY REGARDING TUITION CHARGES

A refund is based on the period of the student's enrollment, computed on the basis of course time expressed in scheduled hours, as specified by the Enrollment Agreement. This policy follows the requirements set forth by the Texas Department of Licensing and Regulation (TDLR). This policy applies to all terminations for any reason, by either party, including student decision, course or program cancellation, or school closure.

- Applicants not accepted by the school shall be refunded all monies paid to the school.
- If a student entered into this Agreement because of a misrepresentation made (a) in the advertising or promotional materials of the school; or (b) by an owner or representative of the school, the student is entitled

to a full refund of money paid by the student.

- If student (or in the case of a student under legal age, his/her parent or guardian) cancels the Enrollment Agreement in writing within three (3) business days of signing, excluding Saturdays, Sundays and legal holidays, all monies collected by the school will be refunded, even if the student has begun classes.
- If a student cancels the Enrollment Agreement more than three (3) business days after signing but prior to starting classes, a refund of all monies paid to the school will be refunded, less the \$50 application fee.
- For cancellations, the cancellation date will be determined by the postmark on written notification, or the date the cancellation is delivered to the school in person.
- For withdrawals, the effective date of the termination for refund purposes will be the earliest of: (a) the last date of attendance; (b) the date the student was terminated from the school; (c) the date the school received written notice of withdrawal in person; (d) the postmark on the written notice of withdrawal; or (e) 14 consecutive calendar days after the last day of attendance.
- If a student on an approved leave of absence notifies the school that he/she will not be returning, the date of withdrawal will be the earlier of the date of expiration of the leave of absence or the date the student notifies the school that he/she will not be returning.
- A student who enrolls and begins classes but withdraws ~~from~~ or is terminated from the course of training before completion of the course, the following schedule of tuition earned by the school applies:

Percent of scheduled course time	Refund of total tuition due student
0 .01 - 10%	90% refund
10.01 - 20%	80% refund
20.01 - 25%	75% refund
25.01 - 50%	50% refund
Over 50%	No refund

Any monies due the applicant or student shall be refunded within 30 days of the determination that a student has withdrawn, whether officially or unofficially, as defined above. All refunds are calculated on the student's last day of attendance.

In the case of disabling illness or injury, death in the student's immediate family or other documented mitigating circumstances, a reasonable and fair refund settlement will be made. If permanently closed or no longer offering instruction after a student has enrolled and instruction has begun, the school will provide a pro rata refund or participate in a teach-out agreement. If the course is canceled subsequent to a student's enrollment and before instruction has begun, the school will either provide a full refund of all monies paid or completion of the course at a later time. If the course is cancelled and the school ceases to offer instruction for that course after students have enrolled and instruction has begun, the school shall provide a pro rata refund for all students transferring to another school based on the hours accepted by the receiving school; or provide completion of the hours; or participate in a Teach-Out Agreement; or provide a full refund of all monies paid.

This refund policy applies to tuition and fees charged in the enrollment agreement. Other miscellaneous charges the student may have incurred at the institution (i.e. extra kit materials, books, products, unreturned school property, etc.) will be calculated separately at the time of withdrawal.

FEDERAL RETURN OF TITLE IV FUNDS POLICY

The Return of Title IV, as defined by the 1998 Amendments to the Higher Education Act of 1965, applies to any student receiving federal financial aid and who withdraws on or before 60% point of the payment period. The percentage of Title IV that has been earned is equal to the percentage of payment period or period of enrollment that the student completed by the withdrawal date (documented last day of attendance). The number of calendar days in the period of enrollment is divided by the number of calendar days completed. Breaks between sessions of five calendar days or more are not included in either number. The percentage is calculated out to four decimal places and then rounded to the third decimal place (Example: 45 days/101 days = .4455 or 44.6%). If withdrawal date is after the completion of more than 60% of the period of enrollment, student has earned 100% of the Title IV funds and no refund is due. If the amount of Title IV that the student has earned (as calculated) is less than the amount of Title IV that was disbursed, the difference must be returned within 45 days to the appropriate program.

If you receive Title IV student financial assistance you are subject to the Federal Return to Title IV (R2T4) Refund Policy and special rules apply when you withdraw or are terminated. These rules are independent of the school's Institutional Refund Policy. Thus, there may be cases where the school is required by the government to return Title

IV funds even though such funds are needed to pay your institutional charges. In all cases, you remain responsible for paying Institute charges as determined by the refund policy.

For the purpose of determining a refund calculation, you will be considered to have withdrawn when any of the following occur: (1) You notify the school of your intention to withdraw; (2) The school terminates your enrollment agreement; or (3) you fail to attend classes for 14 consecutive calendar days. The school will refund monies due to the appropriate party(ies) within 45 days from the date upon which your withdrawal has been determined.

If a student has been determined to have withdrawn because of non-attendance, the time frame for completing a R2T4 calculation begins 14 consecutive calendar days after the student's last date of attendance.

Refund calculations are complex. For further information, catalog and visit our Financial Aid office. Earning and Returning Title IV Funds: Special rules apply for withdrawals of certain Title IV federal student aid recipients. (Title IV aid includes federal Pell Grants, federal direct loans, and federal PLUS loans, etc.) If you officially withdraw or are terminated by the school, the last date of attendance will be used to calculate both refunds and the Return of Title IV Funds (if the latter is necessary). If a student stops attending and makes no formal withdrawal request, the last date of attendance will be used in all withdrawal calculations as the last date of the student's obligation.

GENERAL INFORMATION REGARDING WITHDRAWAL

For general information about the school students may contact the School's Director. For an example on how the calculation is determined for Title IV funds and other financial questions the student may contact the Financial Aid Office. The settlement calculation of final charges (addressing the refund of tuition charges) and the calculation of Title IV funds the student is eligible to retain on their account (return of Title IV calculation) are two separate calculations and may not be equivalent.

Withdrawals/Drops – Official vs. Unofficial:

To officially withdraw from the school, the student must initiate the withdrawal process by contacting the School Director. Termination of a student who is no longer attending is an unofficial withdrawal, whether it is by the student's voluntary choice or a dismissal by the school. In all cases, the last date of attendance will be used for the Withdrawal/Drop Record and Account Settlement Calculation as well as the R2T4 calculation.

Students absent fourteen (14) consecutive calendar days with or without contact will be withdrawn from school. For reporting to governing agencies, the student withdrawal/drop day definitions will apply:

- Determination Date – the date the student notified the school administration of their intent to terminate enrollment OR the 14th consecutive calendar days after the student's last day of attendance OR the date the school administration determined to terminate the student's enrollment due to failure to obtain Satisfactory Academic Progress requirements, failure to provide payment either through cash payment methods or provision of documents required by the financial aid office, Disciplinary, or other reason.
- Last Date of Attendance – the date the student last recorded a complete in and out transaction on the time clock or field trip form.
- Processing Date – the date school administration processes transactions within the school or with governing agencies such as TDLR or DOE.

A student may rescind his or her official notification to withdraw by filling a written statement to the Director that he or she is continuing to participate in academically- related activities, and intends to complete the term (payment period) for which payment of Title IV fund would be received. The rescission of withdrawal is negated if the student subsequently ceases to attend prior to the end of the payment period. The withdrawal date then is the student's original date of withdrawal.

Failure to return from an LOA:

If a student does not return on their scheduled return date from a documented Leave of Absence, DuVall's School of Cosmetology will unofficially withdraw the student. The determination date will be the earlier of; a) the date the student notified the school of their intention not to return or b) the scheduled return date. The last day of attendance will be the last day time was clocked prior to the LOA.

SCHOLARSHIPS

The school offers tuition discount scholarships at various times. When such a scholarship is available, all eligible candidates are invited to complete the application and supply any requested documentation. DuVall's School of Cosmetology Financial Aid offices actively pursues scholarship information which our students may be eligible for. Please check with the Financial Aid Office for information regarding any open or upcoming scholarships.

FINANCIAL ASSISTANCE

Program charges consist of Tuition, Kit/Books and an Application Fee. The student is given a book and kit list at the time of enrollment, to provide them an opportunity to purchase the books and/or kit items on their own from vendors such as Dermalogica, Cengage Learning, Amazon, and/or their local beauty supply store. Note that any self-purchased kit items must be approved by DuVall's School of Cosmetology one week prior to start date and must be available on the 1st day of class.

Specific costs for each course offered can be found in the current Catalog/Student Handbook Addendum. If an applicant has questions regarding financial aid or other consumer information, he/she may contact the School Director or the Financial Aid Office during regular business hours.

Each course has been scheduled for completion within an allotted time frame. The school has reserved space, equipment, and instructors for student training. If a student does not graduate within their specified contract period, additional training / over-contract charges will apply. The over contract charges must be paid prior to clocking in, or as per a payment plan approved by the School Director or Assistance Director. The over contract charges are also detailed in the enrollment agreement. The school may, at its option and without notice, prevent the student from attending class until the applicable unpaid balance is satisfied.

The student's tuition may be paid by cash, check, credit card, debit card, money order or through financial aid, which is defined as assistance that the student has been or will be awarded from approved Federal and/or State Agencies, Instructional or other scholarship(s), grant or Institutional loan programs. Such programs may require approval of credit history and/or require a co-signer. For students who withdraw from enrollment prior to course completion, the institutional charges for the program will be adjusted based on the scheduled hours elapsed, beginning on the student's first day of attendance and ending on the student's last physical day of attendance.

The student and/or family of a dependent student may apply for Title IV funds by completing a Free Application for Federal Student Aid (FAFSA). The Financial Aid office will work with the student and the family (if applicable) to determine eligibility for grants and loans, prepare a Financial Aid Package, and assist with any requirements such as a Master Promissory Note. The EFC (Expected Family Contribution) calculation done by the Department of Education CPS is based upon the FAFSA information and will be used to determine the amount of Pell Grant and Subsidized Direct Loan (need-based) aid the student may be eligible to obtain. Unsubsidized Direct Loan and Direct Parent plus Loan (non-need based) may be available to complete the Financial Aid Package. Financial Aid will be calculated by the Academic Year (900 hours and 26 weeks), with disbursements scheduled for the beginning and midpoint of each Academic Year.

If the FAFSA is selected for verification by the Department of Education the school will inform the student regarding documents or forms needed. The Verification Worksheet provided by the school's Financial Aid office, along with any verification documents required by the Department of Education must be submitted to the school within 15 days. The school retains the right to validate any information in the FAFSA that it deems necessary.

Upon receipt of funds, the school will notify the student or parent (for a Direct Plus loan) within 30 days of the receipt of funds. If there is a credit balance due to Title IV funds for the award year, the balance will be released to the student within 14 days of the receipt of the Title IV funds.

RIGHTS AND RESPONSIBILITIES OF STUDENTS RECEIVING LOANS

Any student receiving a Direct Loan must complete Entrance Counseling prior to the first disbursement being made. Exit Interviews will be conducted, or information delivered upon graduation or withdrawal. Both Entrance and Exit Interviews are conducted for the purpose of explaining the Rights and Responsibilities of the Borrower, including debt management tools and tax benefit information. Students are encouraged to develop a budget based on minimum salary requirements. All student loans may be placed in an in-school deferment status during the time the student is enrolled at least half-time. Other deferments and forbearance eligibility questions may be addressed with the funding source. For information regarding general financial assistance the borrower may contact the Director of Finance or Financial Aid Administrator.

PRIVACY POLICY (FERPA) AND FILE ACCESS

In compliance with the **Family Educational Rights and Privacy Act of 1974**, DuVall's School of Cosmetology follows policies that:

- guarantee each Student (or parent/guardian if the Student is a dependent minor) access to that Student's records;
- require written consent from the Student or guardian for release of records in response to each third-party request unless otherwise required by law;
- "Directory information" is not published by DuVall's School of Cosmetology;
- provide and permit access to Student and other school records as required for any accreditation process initiated by the institution or accrediting agency.

Access to records must be arranged in advance and a staff member must be present while the records are being reviewed. Copies of file documents may be obtained at a cost of fifteen cents per copy. Cumulative education records are maintained for a minimum of five years after graduation or termination. The school makes its Student files available to accrediting, regulatory and other governing agency representatives who have the legal right to examine such files for compliance reviews. No portion of a file may be removed or reproduced without the permission of the owner of the school as all material and records contained therein are property of the school.

ELECTRONIC SIGNATURE (SOFT SIGNATURE) POLICY

A student, and in the case of a minor, a parent, may submit signed documents by electronic means on certain documents required for admissions, financial aid, and leave of absences after the school has authenticated the sender's identity. Documents must be able to be printed or viewed as accurately as if they were paper records. The documents must include all of the terms and conditions contained in the comparable paper records. Any document not accepted by the school as meeting these terms will be required to be wet-signed. Certain documents, including but not limited to, a paper FAFSA, an Enrollment Contract, and a Contract Addendum, may not be eligible to be received electronically.

EVALUATIONS AND ACADEMIC ADVISING

Students are advised regarding progress and achievement on a monthly basis. Advising regarding licensing regulations, reciprocity and employment and continuing education opportunities is available to Students as it is needed. The administration office has a list of agencies for referral if a Student needs other assistance. Regular progress evaluations include advisement regarding the Student's progress in attendance, theory, practical skills, communication skills, retail activity, online portfolio development and personal development. Student strengths and areas needing improvement are identified and plans for needed improvement are discussed.

AMERICANS WITH DISABILITIES (ADA) POLICY

DuVall's School of Cosmetology does not discriminate in admissions or access to our programs based on disability. If you would like to request academic adjustment or auxiliary aids, please contact the ADA Compliance Coordinator. You may request academic adjustments or ancillary aids at any time. ELECTRONIC DEVICE POLICY

Cell phones, iPods, iPads, etc. are part of our everyday life and must be handled in a professional manner. The guidelines for use at school by students are specified below. As with all things, the instructor is in charge of the educational area, both classroom and clinic floor, so if an instructor requests something to be put away for any reason, including but not limited to the amount of time the student has spent on that activity, the student is expected to immediately comply. Failure to do so will result in progressive disciplinary measures.

General for all devices:

- The school provides you a locker (and for cosmetology students a cart) with capacity to lock. If you bring it, you alone are responsible for it.
- Charge it at home. The school's outlet plugs and breakers are reserved for business purposes to provide for the educational and clinic floor use. The additional cords look cluttered. (exception – student break room – at your own risk if you leave it unattended)
- Create your own hot spot. Internet use is available in the student media station. Students are restricted from using the school's WIFI.
- No earbuds at any time – on or off the clock (exception – after entering and before leaving the breakroom. Not at any time walking thru the building)

- No volume on iPad or phones except in the breakroom or outside.
- No verbal conversations except in the breakroom or outside. In other words, if you must talk on the phone, you must clock out and go to the designated areas. There will be no verbal phone conversations in the classrooms, on the clinic floors, in the restrooms, at the lockers, or in the lobby – only in the breakroom or outside.
- Students bringing an electronic device on school property will be responsible for their device. Duvall's will not be liable for lost, stolen or damaged devices.

STANDARDS OF CONDUCT

These Standards of Conduct are established for the specific purpose of promoting an enriched learning environment for all students, as well as providing outstanding customer service to DuVall's clients. Developing efficient work habits, a positive attitude and definite goal orientations during training will enhance your potential for success.

1. Attend all classes according to the assigned schedule including theory classes even if all required tests are completed.
2. Arrive for classes on time. If more than 7 minutes late for a theory class, a Student is considered tardy unless determined otherwise by the Director. The Students may not be allowed to clock in, attend class, enter the salon or spa training area, or media station until a scheduled class break. In order to receive time for the day, students must clock in before:
 - Daytime schedule 1:00pm
 - Evening schedule 7:00pm
3. Complete all assigned theory, practical and clinic assignments in the designated time frames including any assignments required to establish eligibility to retake failed exams or take missed exams. It is ultimately the student's responsibility to contact the instructor regarding makeup exams, however, the instructor may assign designated times for the student to work on completion of the exams.
4. Notify a staff member within 7 minutes of scheduled check in time of absenteeism or tardiness so that proper arrangements can be made to service clients that may be scheduled.
5. Follow time clock procedures by clocking in and out to accurately reflect hours in attendance including but not limited to:
 - 5-Day students must take a 60 min lunch break during their scheduled time (not multiple breaks equivalent to 60 min or early departure). Shorter lunch breaks may be approved to accommodate client service by the Floor Manager but will be considered an exception not normal policy.
 - 3 day students must take two 30 minutes breaks during their scheduled time. To accommodate client services the Skills and Creative students may take consecutive breaks with Floor Manager approval.
 - Student must be clocked out when entering the break room or exiting the building for any reason and for any amount of time.
 - Field Trip – clock in and out by signing and accurately recording time on a form in the possession of the instructor. Students must be in dress code during the field trip.
 - No Student may clock in or out for others.
6. Obtain permission from a staff member to leave the facility for any reason other than assigned lunch time and closing. Documentation may be requested to verify the need for an absence. Students are expected to attend regular scheduled hours. It is imperative that students' attendance is reliable in order to enable timely program completion, accomplish thorough and complete training in all subjects, and ensure excellent customer service to DuVall's clients. Failure to comply will result in progressive discipline action.
7. Comply with scheduled lunch breaks. Scheduled lunch breaks may not be skipped in lieu of late arrival or early departure. Failure to return from lunch at the scheduled time is considered an attendance violation as discussed in the previous statement.
8. Students may NOT smoke, eat or drink or store food or drink other than in the designated areas. Only bottled water or water in a clear (not colored) covered container is allowed in the classroom or at the student station. When additives are added to the water, it is no longer water. Anything other than water in the approved container must be stored, eaten, or drunk in the designated break area and the student must clock out to eat or drink it.
9. Comply with the published dress code and practice proper hygiene and grooming at all times. Students not in compliance with dress code may not be allowed to clock in until coming into compliance or they may be asked to clock out and change into dress code before attending classes.
10. Self-applications do not receive educational credit. Students are to come to school dressed and groomed and are expected to use their own personal products away from the clinic floor to touch up their hair or make-up. Kit items and clinic floor supplies are for educational services only.
11. Follow all state laws and regulations at all times while on the school premises.
12. Understand that training involves sanitation, cleanliness and care of equipment. Students are responsible for personal work stations and work area. Daily assigned sanitation duties must be evaluated before clocking out each day. State Board requires all Students to follow Sanitation rules and practices at all times.
13. Practice courtesy, respect, and professionalism at all times when dealing with other students, clients, visitors to the school and staff.
14. Discuss only ethical and professional subject matter during school hours and refrain from using profanity.

Rules and boundaries are set in an effort to provide a quality working and learning environment, adhere to the governing agencies the school must abide by, and provide excellent customer service to clients. Students not abiding by the rules will be subject to progressive disciplinary action. Not abiding by the rules may lead to receipt of verbal or written advisements, out of school suspension, enrollment status probation or dismissal from school.

ATTENDANCE POLICY:

Students clock-in and out each day to record hours of attendance. It is the Students responsibility to verify their status as present or absent. Failure to do so may result in loss of hours. To receive clock hour credit the student must clock in when arriving at school and when leaving school, and when leaving or returning from lunch and/or breaks. Full Time Students are required to take a 60-minute lunch each day. Shorter lunch breaks may be approved by instructor. Students must be clocked out when taking a break or at lunch. Students must clock out when exiting the building or entering the break room for any reason and for any amount of time.

It is imperative that students' attendance is reliable in both Theory and Clinic in order to enable timely program completion, accomplish thorough and complete training in all subjects, and ensure excellent customer service to DuVall's clients. Failure to comply with minimum expectation will result in progressive disciplinary action.

Minimum expectation for Theory and/or overall attendance is 67% in any given month. Attendance is measured at monthly Academic Advising as well as evaluations of Satisfactory Academic Progress. A student may be placed on probation for either unsatisfactory monthly attendance average, cumulative attendance average, or theory attendance average. As with any probation, if the student fails to correct the problem by the end of the probationary period, he or she will be placed on a second probationary period. Failure to correct the problem by the end of the second probationary period will result in progressive disciplinary measures, including termination.

Students are required to notify the front desk/teacher via phone, Facebook, or in person in advance if they are not going to be present during any time they are scheduled to be in school. Failure to communicate in advance may be addressed with progressive discipline measures including verbal and written advisement, suspension, probation, and termination. Absenteeism affecting customer service to DuVall's clients will have more severe consequences. If a student declines to perform any service or activity for which they are assigned, they must clock out and leave the school property for the day.

ATTENDANCE POLICY FOR VA STUDENTS:

Students using veteran's benefits to attend Duvall's School of Cosmetology will have attendance monitored until the time the student drops, graduates, or completes the program. Unsatisfactory attendance will be reported to the DVA even if the VA student has completed the required number of hours to complete and no refund is due the student and /or refund sources. Therefore, the attendance policy will apply throughout the student's stay in school.

All violations of the attendance policy or failure to meet SAP will be reported to DVA on VA Form 22-1999b within 30 days at such time the student exceeds the allowed number of absences or at the SAP evaluation point.

SOCIAL MEDIA POLICY

Social media and networking are encouraged as a tool of the industry. In an effort to keep things professional, DuVall's has chosen to participate as a Bloom Circle Premium Partner School and has provided every student and staff member a bloom circle account in which to interact with for industry-related media. Staff members and Students may connect to other social media accounts the school has accounts with (Facebook twitter, Pinterest, LinkedIn, etc.), but staff are restricted from directly connecting to active student's accounts and vice versa. These accounts are advertisement for the school and available for any of our staff, students, customers, potential customers and business associates to participate in, therefore we ask everyone to refrain from venting about school situations on any social media. Please direct your concerns through the proper channels to handle them. Any negative publicity regarding the school will be requested and expected to be removed.

CONFIDENTIAL Y POLICY

Information about contract, disciplinary actions, advisements, etc., may not be shared with other parties. In addition, all student advisement or conversations between any student and administration is confidential and private. Do not discuss your contract or interaction with other parties among fellow students. Violation of this policy may lead to corrective action, up to and including termination.

COPYRIGHT INFRINGEMENT POLICY

Copyright infringement is the act of exercising, without permission or legal authority, exclusive rights granted to the copyright owner under section 106 of the Copyright Act (Title 17 of the United States Code). Unauthorized distribution of copyrighted material, including unauthorized peer-to-peer sharing, may subject the student to civil and criminal liabilities. For more information, please visit www.copyright.gov. Students who engage in illegal downloading or uploading of files, unauthorized peer-to-peer sharing of files, or unauthorized distribution of copyrighted materials using the school's technology system shall be subject to the school's rule enforcement policy resulting in no less than in school suspension.

DISCIPLINARY POLICIES

Although this is adult education, all adults realize that there are organizational structures and guidelines that are required. It is our desire that the student would accept the authority and leadership of the faculty and staff and come into compliance upon making a student aware of a breach of compliance. However, if necessary, further action will be taken by the School. Action may include advisement, sending the student home for the rest of the day, out of school suspension, probation, or termination. Each violation is subject to case by case basis and will be handled in that manner. Every student will be made aware of the violation, plan of action that will be determined and signed off on by the staff, instructor, or administration involved, and document time frame of resolution. The student has an opportunity to sign acknowledgement of the receipt of this determination, however, the student's acceptance or rejection to sign the receipt does not change the decision or action that the school representative determined. TDLR violations are serious and will be handled in that manner according to their regulations. TDLR violations will not be given a verbal write up due to the severity. Multiple violations of any kind may result in termination, whether they are for the same issue or not. Students must understand that any infraction of the Standards of Conduct, General Policies or the Enrollment Agreement could result in any of the following disciplinary actions:

ADVISEMENT – VERBAL OR WRITTEN:

A conversation or written advisement of the expectation of conduct.

OUT OF SCHOOL SUSPENSION:

Enrollment may be immediately suspended for 1 to 13 days for an infraction of the Standards of Conduct or General Policies at the discretion of the school administration. No adjustment of scheduled hours is made regarding contract dates or cumulative attendance percentages. Students who commit multiple infractions may be terminated from school.

DISMISSAL - TERMINATION:

Enrollment may be terminated at the discretion of school administration for any reason deemed necessary to maintain the positive educational environment and general objectives of the institution or for any of the following reasons:

- Non-conformance with the Standards of Conduct, General Policies, or Enrollment Agreement
- Non-conformance with the state laws and regulations governing Schools and Students
- Non-compliance with the school's Satisfactory Academic Progress Policy
- Multiple infractions
- An action that causes or could cause bodily harm to a client, visitor, student or employee of the school
- Theft (theft of services; theft from the school including equipment, products, or kit items; theft from students, staff, clients, or visitors)
- Engaging in the manufacture, distribution, dispensation, possession or use of drugs or alcohol
- Immoral or improper conduct
- Willful destruction of school property
- Absent fourteen (14) consecutive calendar days with or without contact.

Disciplinary decisions may be appealed by submitting a clear, concise written statement containing all pertinent data and facts. The appeal will be reviewed by the school administration and the Student will be notified of the decision within 30 days of the receipt of the appeal. Students are encouraged to voice their grievances with School Director or the Owners by means of the Institution's Grievance Procedure. Concerns which are not made known to the applicable management personnel cannot be effectively addressed in a timely manner.

GRIEVANCE POLICY

In accordance with the institution's mission statement, DuVall's School of Cosmetology will make every attempt to resolve any Student complaint that is not frivolous or without merit. Complaint procedures will be included in new Student orientation, thereby assuring that all Students know the steps to follow, should they desire to register a complaint or request an appeal at any time. Evidence of final resolution of all complaints will be retained in school files in order to determine frequency, nature, and patterns of complaints for the institution. The information will be used in evaluating institutional effectiveness and outcomes. Contact the campus administration office to obtain the designated form and detailed procedures for how to properly register a grievance/appeal.

In the event a student has a concern or grievance that cannot be resolved with the School's Administration or the student believes the school is in violation of accreditation requirements the student can pursue the matter by contacting the agency listed below, if the grievance is within the scope of that agency's authority:

ACADEMIC ADVISING

To determine academic progress, students are assigned theory study and a minimum number of practical performances. Theory is evaluated after each unit of study. Practical performances are evaluated as completed and counted toward course completion ONLY when rated as satisfactory. If the performance does not meet satisfactory requirements, it is not counted and the performance must be repeated. Three comprehensive practical skills evaluations will be conducted during the course of study. Practical skills are evaluated according to text procedures, performance standards established by the state licensing agency, and set forth in practical skills evaluation criteria adopted by the School. Students must maintain a cumulative theory grade average of at least a C or 75% and pass a written and practical final exam prior to graduation. Students should make up failed or missed tests and incomplete assignments within 2 weeks. Numerical grades are given on the following scale:

WRITTEN and PRACTICAL GRADES

A =	93- 100	Excellent
B =	85 - 92	Very good
C =	75 - 84	Satisfactory
D =	0 - 74	below standards – Unsatisfactory

Students are advised regarding progress and achievement on a monthly basis. Areas of focus for academic advising include attendance, grade point average, practical skills, communication skills, and personal development. Student strengths and areas needing improvement are identified and a plan of action is discussed.

Advising regarding licensing, regulations, reciprocity, employment and continuing education opportunities is available to students as it is needed. The administration office has a list of agencies for referral if a student needs other assistance.

SATISFACTORY ACADEMIC PROGRESS (SAP) POLICY

Satisfactory progress in both attendance and academic work is a requirement for all students enrolled in DuVall's School of Cosmetology. Federal regulations require all schools participating in state and federal financial aid programs to monitor SAP. These standards are applicable to all students attending DuVall's School of Cosmetology, regardless of their source of funding, and are provided to each student prior to enrollment. SAP evaluation periods are based on actual contracted hours at the institution.

DuVall's School of Cosmetology requires all students to maintain Satisfactory Academic Progress (SAP) as established by this school, in order to continue to matriculate at the school and to continue to be eligible to participate in the federal government's Title IV financial aid programs. These standards apply to all students, regardless of the source of the student's funding, and to all students, regardless of their status (full-time or part-time). All students must comply with the following standards:

- All students must maintain a cumulative academic average of "C" (75% or better on all tests, work projects, practical applications) and other required course work. The school has established a minimum acceptable level of academic progress equivalent to a C or 75% grade point average in both written and practical skill requirements.
 - Numerical grades are considered according to the following scale:
WRITTEN and PRACTICAL TEST
A 93 -100 EXCELLENT
B 85 - 92 VERY GOOD
C 75 - 84 SATISFACTORY
D 0 - 74 NEEDS IMPROVEMENT; DOES NOT MEET STANDARDS
- A student must maintain an average cumulative attendance of 67% or better. The attendance percentage is determined by dividing the total hours completed by the total number of hours scheduled.
 - Credit hours from another institution that are accepted toward the student's education program must count as both completed and scheduled hours when calculating the cumulative attendance ratio.
- In addition to attendance standards relating to Satisfactory Academic Progress (SAP), students are also required to adhere to certain other general institutional policies relating to attendance and tardiness.
- All students must complete the program within 150% of the published length of the program. The time frame will be measured in terms of scheduled hours.
 - A leave of absence will extend the student's contract period, and maximum time frame, by the same number of days in the leave of absence.
 - All credit hours at the institution and transfer credit hours must be counted toward the 150% eligibility.
- Students re-entering within 180 days of their withdrawal will re-enter in the same SAP status they earned at the time of withdrawal. Students re-entering after 180 days of their withdrawal will be treated as new students with transfer hours and new SAP checkpoints.
- Students must meet the following requirements in their program of study to qualify for graduation:
 - Successfully complete all levels of study, required tests and practical assignments
 - Pass a final written and practical examination
 - Complete the program of study and hours according to regulatory requirements
 - Make satisfactory arrangements for all debts owed to the school.

The Satisfactory Academic Progress Policy contains the following elements:

- Attendance Progress Evaluations
 - Cumulative Attendance Percentage
 - Maximum Time Frame
- Academic Progress Evaluations
- Determination of Progress Status
- Warning /Appeal/Probation
- Re-establishment of Satisfactory Progress
- Reinstatement of Financial Aid
- Course incompletes, withdrawals, or repetitions do not apply and have no effect upon the institution's satisfactory academic progress standards.

Evaluation Point:

Students are evaluated **at the end of each payment period in an academic year**. A payment period is based on actual hours completed and is defined to be the mid-point and end point of each academic year (900 hours and 26 weeks). For students with Transfer Hours or Students Re-Entering their program outside 180 days of their last date of attendance where the number of hours remaining is less than a full academic year, the payment period will be at the mid-point of each partial academic year. Students are evaluated at the following evaluation points.

1000-hour program:

- 450 completed hours
- 900 completed hours
- 950 completed hours

750-hour program:

- 375 completed hours

Evaluation points for students with transfer hours shall be calculated based on the actual contracted hours with DuVall's School of Cosmetology. Students are provided copies of their evaluations at each evaluation period.

Maximum Time Frame

The time frame in which a student must complete the educational program they have enrolled in that may not be more than 150% of the published length of the educational program.

Published Program Hours	Maximum Time Frame 150% scheduled weeks	Maximum Time Frame 150 % scheduled hours
COSMETOLOGY-1000 HOURS		
1000 FT -- 35 hrs/week; 29 weeks	43 Weeks	1500
1000 FT 3 Day --27 hrs/week; 37 weeks	56 Weeks	1500
ESTHETICS -- 750 HOURS		
750 FT – 35 hrs/week; 22 weeks	33 Weeks	1125
750 PT -- 17.5 hrs/week; 43 weeks	65 Weeks	1125

The maximum time allowed for transfer students and reentry students who need less than the full course requirements will be determined based on 67% of the scheduled hours of the current enrollment contract. For a Leave of Absence, the contract end date will be extended by the number of days in the Leave (LOA) thereby also extending the end date of the maximum time frame. A student that has met Maximum Time Frame is withdrawn from the institution and an instructional Refund Calculation is completed.

DETERMINATION OF PROGRESS STATUS

Students meeting the minimum requirements for academics and attendance at each evaluation point are considered to be making Satisfactory Academic Progress until the next scheduled evaluation. Students who have not met cumulative attendance and the grade point average required are considered not meeting Satisfactory Academic Progress. Status remains the same until the next evaluation point. An evaluation form will be kept on file for each evaluation point and is available to the student upon request. The final transcript shall be considered the final

evaluation form for a graduate. Students determined not to be making Satisfactory Academic Progress will receive written notification.

WARNING / PROBATION / APPEAL

Students who fail to meet minimum requirements (67% cumulative attendance and 75% GPA) at the end of a payment period will be placed on a **Financial Aid Warning**. Any student on Financial Aid Warning may continue to receive assistance under the Title IV HEA programs for one payment period. Consecutive warnings are prohibited.

It is expected that a student will use the Financial Aid Warning payment period to correct the Attendance and or GPA issues and be restored to the status of accomplishing Satisfactory Academic Progress. However, if the student is not meeting Satisfactory Academic Progress at the end of the Financial Aid Warning Period:

- The student will not be eligible to receive Title IV, HEA funds but may continue on a cash pay basis with an approved payment plan. Arrangements for payment must be approved within 10 school days of notification failure to meet SAP for two consecutive payment periods.
 - The student may appeal and if the appeal is granted, the student will be placed on **Financial Aid Probation** for one payment period. Any student on Financial Aid Probation may continue to receive assistance under the Title IV HEA programs for one payment period only, however, in order to be eligible to retain the funds on account the student must regain SAP at the next evaluation point. Failure to do so will result in refunding the Title IV HEA funds and the student will be required to make satisfactory payment arrangements.
- Regardless of how the account balance is satisfied, the student will be on probationary status throughout the next payment period and in order to continue their enrollment at the school will be required to meet specific criteria of an Improvement Plan to assist them in regaining SAP and Title IV eligibility.

APPEAL PROCESS:

If a student is determined to not be making satisfactory academic progress due to cumulative attendance percentage, grade point average, or maximum time frame, and if it is mathematically possible for the student to improve the results to the minimum standards required to meet Satisfactory Academic Progress by the next evaluation point, the student has the right to appeal the determination. Grounds for appeals for failure to meet Satisfactory Academic Progress are limited to death of a relative, injury or serious illness of a student, or other extreme special circumstances. They are not to be confused with an excess of normal absences.

1. The school will provide the student within 10 days following the action of the school, a written statement of fact, which is the basis of the action of the school.
2. The Appeal must be done within 10 days of the receipt of such written notice. Students choosing to remain in school while requesting an appeal will be responsible for charges accrued whether or not the appeal is granted.
3. The student may appeal the action of the school by requesting such appeal in writing to the School Director along with supporting documentation showing the reasons why the decision should be reversed and request a re-evaluation. The appeal must include:
 - Why he/she failed to make SAP (Appeals for failure to meet Satisfactory Academic Progress are limited to death of a relative, injury or serious illness of a student, or other extreme special circumstances).
 - Supporting verifiable documentation
 - An explanation of what has changed that will allow the student to make SAP at the next evaluation point.
 - A suggested plan of action to accomplish the SAP minimum standards by the next evaluation point and a statement of personal commitment to follow an agreed upon plan.
4. The student has a right to make a personal appearance before the School Director.
5. Should a student fail to appeal the decision, the decision will stand.
6. Notification of the school's action on the appeal will be retained in the student file and will be sent to the student within 30 days.
 - If denied, the reason will be stated.
 - Should the student prevail upon appeal, they will be placed on Financial Probation. The student is still considered NOT making Satisfactory Academic Progress, but will be eligible for Title IV, HEA funds for that payment period.

LEAVE OF ABSENCE OR WITHDRAWAL

All students who have withdrawn or taken a leave of absence and choose to re-enter into a course, within 180 days of their last day of attendance, will be placed under the same satisfactory or unsatisfactory progress status prevailing at the time the student withdrew or went on a leave of absence.

RE-ESTABLISHMENT OF SATISFACTORY ACADEMIC PROGRESS

Students may re-establish satisfactory academic progress by meeting minimum attendance and academic requirements at the next evaluation point.

REINSTATEMENT OF FINANCIAL AID

Title IV, HEA funds will be reinstated to qualified students who have received a financial aid probation as a result of a successful appeal or who have re-established satisfactory academic progress by meeting the minimum cumulative attendance and academic requirements at the end of a payment period and are able to complete their program within the maximum time frame.
